⚡ SEO SWEET SPOT

TARGET Privacy keywords — anonymous LLC, nominee services, private incorporation

AVOID Generic formation terms dominated by budget providers (ZenBusiness etc.)

INSIGHT Only 5 of 50 privacy keyword slots held by competitors — wide open

⏱ TIMELINE — 10 WEEKS

Foundation — architecture confirmed before design begins

Wk 2–5 — **UX & Design**
Parallel prototype + visual design tracks

Wk 3–8 — **SEO**
Specs roll out section-by-section as structure locks

Wk 4–9 — **Development**

Wk 8–10 — **Testing & Launch**
Full QA, redirect verification, go-live

⚔ COMPETITIVE LANDSCAPE

The upper-right quadrant is EMPTY

No competitor combines modern UX + privacy expertise + transparent pricing + genuine nominee services
